

Brentwood Portal Familiar

El Distrito Escolar de Brentwood ha implementado un Portal Familiar a través de eSchoolData, un programa basado en el Internet que permite que los padres tengan acceso a información sobre el progreso académico de su hijo(a). El Portal Familiar permite que su familia obtenga información como: la asistencia diaria, horarios de clases, reportes de progresos trimestrales, reportes de calificaciones (notas) y un formato, para que las familias se puedan comunicar con los maestros de sus hijos(as).

La conexión con el Portal Familiar se puede localizar visitando el website del Distrito Escolar de Brentwood a través de: www.bufsd.org y clic en eSchoolData Student and Parent Portals (observe abajo).
